Tips of the Month

THE REMODELER'S REMODEL

After nearly 30 years as home improvement journalists and more than 35 years as remodeling contractors, we decided that it was time for a remodel of our own. Now, we aren't referring to either of our homes; those are ALWAYS being remodeled! We're referring to things that affect you and the way that you can access information from us to help you with YOUR repair and remodeling challenges.

In addition to this column, which has been remodeled with a more up-to-date photo of us, we have updated our nationally syndicated radio program, our media website, our remodeling company website, our APP, our social media outlets and our YouTube channel. Plus, you now you can tune us in on TV.

We launched onthehouse.com in 1995 — that's about ten thousand digital years ago. The website has grown to over 13,000 pages of content. With our most recent 'remodel' we have added new and exciting content, photos, videos and graphics — along with easy navigation. The new website is especially smartphone- and tablet-friendly when making repairs and improvements on the fly.

Want to see what we are up to on the remodeling side? Visit our new and improved remodeling company website at careybros.com. Have a look at some of the projects we have completed, see before and after photos and a behind-the-scenes look at progress shots. Our goal with this site is to inform, inspire and empower. Give it a visit!

Our four-hour weekend radio program is now in its 28th year and you can listen to all of our programming anywhere in the world thanks to our digital broadcast outlets. Check us out at Apple iTunes, Stitcher Smart Radio and our very own On The House App for iOS and Android. The app is free and, in addition to listening to the program live, you'll have access to our full arsenal of home improvement tips and information. You can even use the app along with your smart phone to send us a photo of your problem. And don't forget you can call the radio program at 1-800-737-2474 live any Saturday from 9 AM to 1 PM Eastern and ask your question live. If you're too bashful to be on air, call the number ANYTIME and leave us a message and we'll do our best to answer your question.

If you're social media savvy, you'll want to 'like' us on Facebook, follow us on Twitter and look at our how-to videos at our YouTube channel. We have lots of money-saving tips and try to keep you laughing at the same time.

Finally, you can catch us on the Home & Family TV show, on the Hallmark Channel Monday through Friday. The show airs from a real single family home located on the backlot at Universal Studios, Hollywood. Check local listings for the channel and time in your area or click on the 'television' tab at onthehouse.com.

Now more than ever, we have more information and are more accessible to help you maintain and fix-up your piece of the Great American Dream. Thanks for welcoming us into your home.

Ask the Carey Brothers a home improvement or remodeling question on their live radio broadcast every Saturday from 9:00 a.m. to 1:00 p.m. Eastern Time. Call toll-free at **1-800-737-2474** to ask your question.

Visit their website at **OnTheHouse.com** for recaps of the show & other helpful info.
